1.2 Maintenance and Alteration of Positions

Nothing in this Agreement is, or shall be construed as, a guarantee of work or of the continued maintenance of any position. The COMMITTEE reserves the rights to create new positions and to eliminate positions covered by this Agreement. Before exercising these rights, the COMMITTEE will meet and confer with the ASSOCIATION when possible. The COMMITTEE reserves the right to alter the duties of positions covered by this Agreement. In exercising this right, the COMMITTEE will bargain with the ASSOCIATION to the extent required by law, and will comply with the express provisions of this Agreement.

ARTICLE II

NO DISCRIMINATION

2.1 There shall be no discrimination, restraint, or coercion by either the COMMITTEE, the Superintendent-Principal, Administration, or the ASSOCIATION against any faculty member because of membership or non-membership in the ASSOCIATION or participation or non-participation in its affairs or because of a faculty member's race, color, creed, national origin, age, sex, marital status, political affiliation, sexual orientation, or physical handicap in violation of law.

ARTICLE III

GRIEVANCE PROCEDURE

3.1 Purpose

The purpose of the procedure set forth hereinafter is to produce prompt and equitable solutions to grievances. The COMMITTEE and the ASSOCIATION agree that such procedure should always be as informal and confidential as may be appropriate for the grievance involved at the procedural level involved.

3.2 Definition

A grievance shall mean a complaint by any faculty member, group of faculty members, or the ASSOCIATION (hereafter referred to as the "aggrieved") that as to the aggrieved the COMMITTEE has interpreted and applied this agreement in violation of a specific provision hereof. A complaint by a faculty member, group of faculty members, or by the ASSOCIATION which does not involve the interpretation or application of the provisions of this Agreement may be processed through Level Two of the grievance procedure, pursuant to Section 3.6, with the intent of the parties being that such complaints be resolved at the earliest possible level of that procedure.

3.3 Time Limits

- (a) If the designated school official fails to provide his/her decision within the specified time limits, the grievance shall be deemed denied on the day the decision was due and the grievance shall be qualified to be carried to the next higher level.
- (b) If a grievance is once settled or if it is not presented in writing within the time limits provided in Section 3.6, it shall be considered closed and shall not thereafter be subject to the grievance procedure or to arbitration hereunder.

3.4 Informal

Nothing contained in this Agreement shall be construed as limiting the right of discussion of any grievance informally with the appropriate supervisor and having the grievance adjusted without the involvement of the ASSOCIATION, provided that the adjustment is not inconsistent with the provisions of the Agreement. Nor shall anything contained herein preclude the presentation of a grievance directly to the Superintendent-Principal.

3.5 Immediate Supervisor

For the purposes of this article only, a faculty member's immediate supervisor shall be defined as the faculty member's Housemaster, the Assistant to the Principal, the Coordinator of Curriculum and Instructional Services, or the Director of Athletics and Activities, with the exception of special needs specialists and counselors, for whom the Director of Student Services and Special Education or his/her designee will serve as the immediate supervisor.

3.6 Formal Process

The formal processing of grievances shall be undertaken as set forth below:

LEVEL ONE

The aggrieved must first present the grievance in writing to his/her immediate supervisor within twenty-five (25) school days of the time when the aggrieved knew or reasonably should have known of the event or events forming the basis for the grievance. The grievance shall set forth such event or events and shall specify the provision or provisions of this Agreement which it is claimed are violated thereby. The aggrieved and his/her immediate supervisor to whom the grievance is submitted shall within five (5) school days meet to discuss the grievance with the objective of resolving the grievance. The immediate supervisor shall provide his/her decision in writing to the aggrieved within five (5) school days after the conclusion of such meeting.

LEVEL TWO

If the grievance is not settled to the satisfaction of the aggrieved in Level One, the grievance may be presented in writing to the Superintendent-Principal within five (5) school days after the decision is due in Level One. The Superintendent-Principal or his/her designee and the aggrieved and if the aggrieved so chooses, a representative of the ASSOCIATION, shall meet within five (5) school days after receipt of the written grievance by the Superintendent-Principal to consider the grievance. The Superintendent-Principal or his/her designee shall give his/her answer in writing to the aggrieved within five (5) school days after the conclusion of the meeting.

LEVEL THREE

If the grievance is not settled to the satisfaction of the aggrieved in Level Two, the ASSOCIATION may within twenty (20) school days after the decision by the Superintendent-Principal is due in Level Two submit the grievance to arbitration. The Superintendent-Principal will be notified of this action by receipt of a copy of the Demand for Arbitration.

3.7 Expedition and Extension of Deadlines

Since it is important that grievances be processed as rapidly as possible, the number of days indicated at each level should be considered as maximum, and every effort should be made to expedite the process. The time limits specified may, however, be extended by mutual agreement. The parties will endeavor to expedite the processing of any grievance filed on or after June 1 which, if left unresolved until the beginning of the following school year, could result in irreparable harm to the aggrieved or the COMMITTEE.

3.8 No Reprisal

No reprisals of any kind will be taken by the COMMITTEE, Administration, or ASSOCIATION against any member of the COMMITTEE, Administration, or ASSOCIATION, or any of these bodies collectively, or against any other participant in the grievance procedure by reason of such participation.

3.9 Right of Representation

The aggrieved shall have the right to assistance, advice, and representation of the ASSOCIATION. The aggrieved shall be present during such representation.

3.10 Filing of Documents

All documents, communications, and records dealing with the processing of a grievance will be filed separately from the personnel files of the participants.

ARTICLE IV

ARBITRATION

4.1 General

In the event the ASSOCIATION elects to submit a grievance to arbitration, the arbitrator shall be selected according to, and shall be governed by, the procedure contained in this Article.

4.2 Process

For a grievance to be subject to arbitration hereunder, the ASSOCIATION must refer the grievance to the American Arbitration Association in compliance with the provisions of Article 3.6, Level Three. The arbitrator shall be selected in accordance with the rules then obtaining of the American Arbitration Association applicable to labor arbitration. Any arbitration hereunder shall be conducted in accordance with such rules, subject to the provisions of this Agreement. The parties shall share equally in the compensation and expenses of the arbitrator.

4.3 Arbitrability

Either the COMMITTEE or the ASSOCIATION shall have standing to raise questions of arbitrability in arbitration or in the appropriate forum.

4.4 Function and Power of Arbitrator

The function of the arbitrator is to determine the interpretation and application of specific provisions of this Agreement. There shall be no right in arbitration to obtain, and no arbitrator shall have any authority or power to award or determine any change in, modification or alteration of, addition to, or deduction from any of the provisions of this Agreement. The arbitrator shall furnish his/her opinion in writing specifying the reasons for his/her decision. ARTICLE VI

REDUCTION IN FACULTY

6.1 Committee Rights

The COMMITTEE retains the right to reduce the number of faculty members or to reduce the teaching loads of faculty members (hereinafter referred to collectively as "reduction in faculty"). The decision to reduce faculty members shall not be subject to the grievance and arbitration procedures of this Agreement, subject to the provisions of Article 7.1 and 7.2. The manner in which faculty members with Professional Teacher Status are selected for reduction in faculty shall be in accordance with Article 6.2. As between Provisional and Professional status faculty members, the provisions of applicable law with respect to reductions in faculty shall apply. Any faculty member whose services are not going to be retained or whose employment is to be reduced for the following school year will receive his/her notice thereof on or before May 15, subject to the provisions of Article 6.3.

6.2 Procedure

(a) In the event that the COMMITTEE effects a reduction in faculty in a department, the order in which faculty members shall be reduced shall be by seniority within the three (3) overall evaluation ratings as established in the Faculty Evaluation Plan (Attachment B, E 3.13). A faculty member who has received a Category II and/or III evaluation two (2) times consecutively in his/her two most recent evaluations, or if a faculty member has received a Category II in his/her most recent evaluation cycle and has chosen to self-evaluate in the current year, he/she will be reduced before any other faculty member in the department. If more than one (1) faculty member has received a Category II and/or III evaluation two (2) times consecutively, reduction shall be by seniority within that category. A Category III faculty member will be reduced before a Category II faculty member in a department. Similarly, a faculty member with a rating of II will be reduced before any faculty member with a rating of I. However, no faculty member will be reduced out of seniority without an opportunity for remediation during the subsequent evaluation cycle.

(b) For the purposes of this section all faculty members employed by the COMMITTEE, including those on any leaves of absence, shall be considered members of the department of which they were members when they were voted tenure or awarded Professional Teacher Status.

(c) For the purposes of this section a faculty member who is reduced from a particular department will be considered a member of any other department

- (i) for which the faculty member holds the requisite certification, and
- (ii) in which the faculty member has demonstrated successful teaching performance on at least a half time basis for at least one (1) year in the four (4) year period ending with the effective date of the reduction in faculty.
- (iii) Members of the faculty assigned to special programs, i.e., ACE, REACH, EXCEL, in the school will be considered members of the departments in which they have taught at Lincoln-Sudbury on at least a half-time basis for at least one (1) year in the four (4) year period ending with the effective date of the reduction in faculty.

6.3 Notification

Under normal circumstances, a faculty member to be affected by a reduction in faculty shall be notified in a letter from the Superintendent-Principal on or before May 15 preceding the school year in which the reduction is to become effective, except that if,

- (a) as a result of the Regional School District budget process specified in Chapter 71, Section 16(B) or successor statutes, no District budget is approved, or
- (b) the total amount of the District budget which is so approved and funded by appropriations of the member towns is less than the total amount of the assessments to the Towns as set forth in the budget initially adopted by the COMMITTEE, or
- (c) if state or federal aid is less than the amount anticipated in the budget initially adopted by the COMMITTEE,

then the Superintendent-Principal will notify faculty members who are to be affected by a reduction in faculty within fourteen (14) calendar days after approval by the member Towns of such a reduced budget.

6.4 Layoff Status

If a faculty member with professional status wishes to elect layoff status rather than termination, said faculty member must notify the Superintendent-Principal, in writing, within ten (10) calendar days of the receipt of the reduction in faculty notice, that he/she waives any present or future rights to a dismissal hearing which he/she may have pursuant to Chapter 71, Sections 42, 42A, or 43A of the Massachusetts General Laws. Copies of said statutes shall be forwarded to such faculty members with the reduction in faculty notification. Such waiver shall be in the form attached hereto as Attachment A.

6.5 Recall

- (a) If a vacancy occurs in a department a recall notice shall be sent via certified mail to the faculty member most recently reduced who is a member of that department. If a faculty member fails to notify the Superintendent-Principal within fourteen (14) calendar days of the issuance of a recall notice of his/her intent to accept recall, said faculty member shall forfeit all rights and benefits provided for in this Agreement. Faculty members with recall rights are required to keep the Superintendent-Principal informed of their current mailing address, including any temporary address where they can be reached if they will be traveling or otherwise away from their home mailing address. A faculty member who is recalled shall be given credit for his/her length of service prior to layoff.
- (b) During the recall period, a faculty member who has been reduced shall, upon application, be given preference in filling openings for work as a substitute faculty member for which the Superintendent-Principal determines that he/she is qualified. A faculty member who has been reduced who is hired during the recall period to serve as a substitute faculty member for a period of less than two (2) weeks will be paid at a per diem rate equivalent to the first step of the bachelor's column of Schedule A. A faculty member who has been reduced and who is hired during the recall period to serve as a substitute faculty member for a period of two (2) weeks or more will be paid at the rate of eighty percent (80%) of his/her base salary at the time he/she was reduced.

6.6 Insurance

A faculty member who has elected layoff status under this Article will be permitted to remain a participant in the School District's group health and dental insurance plans for the recall period, upon payment of the entire premium cost in a manner acceptable to the COMMITTEE, provided that no policy of the insurer is contravened.

6.7 Definitions

(a) Seniority is defined as the total number of years of service (see Section 5.14) in the School District (whether or not in a position specified in Article I of this Agreement, its predecessors or successors), in years, months, and calendar days, beginning with the first day worked in a permanent position, except that time for unpaid leaves of absence shall be excluded. There shall be no distinction between full and part-time service. Ties in length of service shall be resolved by lot.

(b) Layoff means an unpaid leave of absence to be granted by the COMMITTEE for a period of three (3) years from the effective date of the reduction of a faculty member; provided that said faculty member has waived in writing, within ten (10) calendar days after receipt of a notice of reduction in faculty, any present or future rights to a dismissal hearing he/she may have pursuant to Chapter 71, Sections 42, 42A, or 43A of the Massachusetts General Laws.

(c) Recall means the right, during layoff, to return after no more than a three-year layoff to a vacancy in a department of which a laid-off faculty member is a member. Recalls shall be made in the reverse order in which faculty members were laid off. The Superintendent-Principal will make each layoff individually in the order provided in Section 6.2 (a). The Superintendent-Principal shall maintain an up-to-date list of recall order by department and a copy shall be provided by February 1st to the ASSOCIATION.

(d) Terminated means dismissed pursuant to Chapter 71, Sections 42 or 42A.

(f) Department means one of the High School's departments as maintained from time to time by the COMMITTEE. In the case of a department involving multiple subject matter teaching certifications (e.g., World Language may involve French, Spanish and other language certifications; Science may involve Biology, Physics, Chemistry and other science certifications) the COMMITTEE may treat each subject matter of the department as a separate "department" for any or all purposes under this Article, except Section 6.2 (c) (ii).

(g) Per Diem means payment equivalent to 1/184 of the annual salary of the affected employee. This is also referenced in section 8.4.

ARTICLE VII

FACULTY MEMBERS' ASSIGNMENTS

7.1

(a) Primary Responsibility

The COMMITTEE and the ASSOCIATION recognize that a faculty member's primary responsibility is to assist and guide students in the learning process, and that his/her professional qualifications are best utilized in the implementation of these responsibilities. As a consequence, the Superintendent-Principal will, in approving faculty member assignments, give priority to teaching and other educational activities.

(b) Staff/Student Ratio

During the term of this Agreement, the COMMITTEE shall maintain a student-to-professional staff ratio of 13.75 to 1, except in the event of unusual financial difficulties. For purposes of this section, the term "professional staff" includes all members of the bargaining unit, as defined in Article I, as well as all other professionals employed by the COMMITTEE in administrative, managerial, and supervisory positions, excluding the METCO counselor, METCO tutor (skills instructor), and administrative computer services employees; the Superintendent-Principal, Housemasters, Student Activities/Athletic Director, Director of Student Services and Special Education, METCO Director, Director of Finance and Operations, District Treasurer, Coordinator of Curriculum and Instructional Services, and all special needs specialist faculty members, assistants, and other tutors.

7.2

(a) Faculty Member's Role

The COMMITTEE and the ASSOCIATION recognize that there are many aspects to a faculty member's role. Contact with students, represented by class time, individual and group conferences, seminars, labs, etc., are the focal point of a faculty member's efforts. For these efforts to be effective there is research, preparation, correcting of student work, extra help sessions, parent contact, and faculty discussions. These latter tasks must be done at a time that is deemed best by the individual faculty member. In addition, the faculty member must fulfill department and school administrative responsibilities.

(b) Distribution of Tasks and Responsibilities

The distribution of all these responsibilities, and the time required for them vary considerably by department and individual. Both the Administration and the individual faculty member influence this distribution. An individual faculty member may review his/her departmental workload and assignments with his/her department coordinator or liaison, Housemaster, or the Superintendent-Principal at any time. Significant changes in the balance of these various assignments will not be made without the active participation of the ASSOCIATION and the Faculty.

(c) School Day

Classes meet no earlier than 7:50 a.m. and not later than 2:39 p.m. At least every other week there will be an early release day so that other faculty activities can be held. Faculty members shall be in the school as long as necessary to fulfill their professional responsibilities. A part-time faculty member shall be notified of the expectations concerning his/her presence in the building when notified of his/her teaching assignment for the following school year. If other schedule arrangements are necessary, a faculty member and the appropriate administrator(s) may mutually agree to vary these

expectations.

(d) Reserved Time

The COMMITTEE and the ASSOCIATION agree that during the school day full-time faculty members will have at least twenty-five percent (25%) of their day reserved for research, preparation, correcting, and other tasks, and for the administrative responsibilities outlined above. Faculty members may voluntarily establish schedules that call for more student contact time, and thus less than the twenty-five percent (25%) reserved for preparation and administrative activities; but adherence to this limit will not be considered prejudicial in a faculty member's evaluation. Contact time includes, but is not limited to, class assignments, assigned conferences, labs, and any scheduled supervisory duties.

(e) Faculty Assignments

(i) Full-time faculty members in the Departments of English, History & the Social Sciences, Mathematics, Science, World Languages, and Computer Science normally shall be assigned four (4) teaching sections per semester.

(ii) Up to seventy-five (75) minutes of scheduled class time over a two-week period will be directed study time. Directed study time may be used as the faculty member decides it can best serve students' academic interests.

(iii) On the basis of classes generally scheduled to meet two (2) or three (3) times per week, full time faculty members normally shall be assigned, on an average in any four (4) year period, teaching sections per semester, as follows:

Technology Department	6.0
Wellness Department	6.0
Art and Music Departments	6.0

FATA courses may be offered on the academic model as funding permits. Total course load for a faculty member will not exceed one (1) FTE.

(iv) Full-time faculty members in the Counseling Department normally shall be assigned a caseload of 200 students per year with a goal of 190 students per year. This does not apply to or include the school psychologists or clinical counselors.

(v) Full-time faculty members in the Special Education Department normally shall be assigned a caseload of 24 students per year with a goal of 22 students per year. This does not apply to learning specialists in special programs such as ACE, REACH, LINK or EXCEL.

With agreement among the Learning Specialist, the SPED department Coordinator, and the Director of Pupil Services, caseloads may be increased. In such cases it may be necessary for the COMMITTEE to provide the assistance of additional aides.

(f) Duties

All faculty members teaching fifty percent (50%) or more are responsible for at maximum of one and one half (1.5) non-teaching supervisory periods per two-week cycle. Faculty members teaching less than fifty percent (50%) are responsible for a maximum of one (1) non-teaching supervisory period per two week cycle. The Superintendent-Principal will consult with the ASSOCIATION about non-teaching supervisory duties. The President of the ASSOCIATION will be relieved of all assigned non-teaching duties.-

(g) Average Over Two-Year Period

It is understood that, due to considerations of staffing, student enrollment, abnormal circumstances, and the fractional nature of the foregoing expectations, it may not be possible to assign every full-time faculty member in a particular department precisely the teaching/case load specified above in every semester. Rather, it is the intent of the parties that, in accordance with the parties' past practice, the teaching/case load for a particular full-time faculty member may be greater or lesser than the foregoing expectations in a particular semester, but will, in any two (2) year period, be structured to conform to these expectations.

(h) Records

The Administration will keep detailed records of each faculty member's schedule and student load by department and by individual and will make this available on an annual basis to the faculty, Administration, and the COMMITTEE.

7.3 Participation in Making Assignments

Each faculty member will be afforded an opportunity to discuss his/her teaching assignments for the following school year with the Superintendent-Principal and/or his/her designee before a final decision is made. Each faculty member will be notified in writing of such assignments for the following school year as soon as practicable after a final decision is made. Faculty members also will be advised of any changes in such teaching assignments as soon as practicable.

7.4 Teaching and Certification

In order to assure that pupils are taught by faculty members working within their areas of competence, faculty members will not be assigned classes outside the scope of their teaching certificates and/or major or minor fields of study for more than twenty (20) percent of their instruction time. Exceptions to the foregoing for periods not exceeding the remainder of the school year or one semester, whichever is longer, may be made for good cause or by mutual agreement of a faculty member and the administrator concerned.

7.5 Other Duties

The COMMITTEE and the ASSOCIATION acknowledge that a faculty member's primary responsibility is to teach, and his/her energies should, to the extent possible, be utilized to this end. Faculty members are required to enforce the rules of the Regional High School in all areas of the building and grounds. Faculty members will not, however, be required to keep registers for, post records for, or collect moneys for non-educational purposes.

ARTICLE VIII

The regular work year (school year) of faculty members (other than new personnel, who may be required to attend additional orientation sessions) will include:

- (c) one day at the end of the first semester;

8.3 Emergency Days

Emergency days will be included in the school calendar. If these days are not needed, the COMMITTEE will adjust the date of the last day of school for students to ensure that there are exactly 180 instructional days, unless the COMMITTEE and the ASSOCIATION agree to extend the year in order to accommodate some special opportunity or event.

8.4 Additional Work Days

Some positions, including but not limited to School Psychologist, Educational Technology Coordinator, and Instructional Technology Specialist, require that the staff member routinely work days beyond the regular work year. For these positions, by mutual agreement between the Superintendent-Principal and the individual faculty member documented in the annual contract, the work year may be extended. For any additional days the faculty member will be paid at a per diem rate of 1/184 of their annual salary.

ARTICLE IX

VACANCIES AND PROMOTIONS

9.1 Publication

Prior to filling a vacancy in a professional position, including extra services and coaching, the Superintendent-Principal will publicize the vacancy. If the vacancy occurs between September 1 and June 30, such vacancy will be adequately publicized by the Superintendent-Principal by means of a notice to all professional staff in the bargaining unit as defined in Article I, to all faculty members on layoff or recall status, and to the President of the ASSOCIATION. Prior to filling a vacancy in a professional staff position during the months of July and August, written notice of any such vacancy will be mailed to all professional staff in the bargaining unit as defined in Article I, including faculty members on layoff or recall status. Such notice shall set forth the qualifications for the position and its duties. No vacancy will be filled, except on a temporary basis, within ten (10) days from the date of mailing such notification.

9.2 Process and Rights

Any qualified faculty member or other professional, whether or not employed by the COMMITTEE, may apply for such a vacancy. The Superintendent-Principal shall select the applicant who in his/her judgment is best qualified. In the event that the Superintendent-Principal determines that two (2) or more applicants are equally qualified, preference will normally be given to qualified faculty members who are in the employ of the COMMITTEE. Any faculty member covered by this Agreement who applies for such a vacancy and who is not selected may request an explanation of the reasons therefore from the Superintendent-Principal or his/her designee.

(d) Retirees

The COMMITTEE will guarantee to all faculty members retiring from the Regional School District the right to retain their membership in the health insurance program agreed to by the ASSOCIATION and the COMMITTEE. 10.3 Life Insurance

(a) The COMMITTEE will at its expense, maintain a group life insurance policy with a defined death benefit for any employee, the details of which are specified in section 10.3 a, b, c, and d. Unless otherwise directed in writing by the employee, the benefit will be paid to the beneficiary of the life insurance policy provided by the District. For the purposes of this section a faculty member on "active employment" shall refer to any faculty member who is currently receiving salary payments from the COMMITTEE, or who is on a paid or unpaid leave of absence.

(b) The Committee will also, at its expense, pay a single sum salary adjustment benefit on behalf of any employee of the District with three (3) or more years of service who dies while in the active employ of the District.

14.7 Personal Leave

A faculty member shall be granted up to five (5) school days leave without loss of pay for time necessarily and actually lost for important personal and/or business reasons, if such activity cannot be carried on at any other time. 15.2 Applications

A faculty member who desires a sabbatical leave must apply therefore in writing to the COMMITTEE no later than December 1 preceding the school year during which such faculty member desires sabbatical leave. The application shall be submitted to the Superintendent-Principal, and shall state the purpose and plans for the sabbatical leave which is sought. Upon request of the Superintendent-Principal, the applicant will file a sabbatical leave plan including a statement of objectives and the procedures whereby these objectives are proposed to be achieved.

15.5 Funding

During the term of this Agreement, the COMMITTEE may provide funds for four (4) sabbaticals, three (3) of which will be full year sabbaticals at one-half (1/2) pay, except if the three (3) full year sabbaticals are not awarded, then a total of three (3) one-half year sabbaticals at full pay may be awarded. It is understood that the COMMITTEE may provide funds for sabbatical leaves for the school year following the expiration of this Agreement only upon such terms as may be agreed upon by the COMMITTEE and the ASSOCIATION in a successor Agreement. Nothing in this Article shall require that the COMMITTEE grant any application for sabbatical leave that the COMMITTEE does not determine to be in the best interest of the School District, and such determination shall not be subject to the grievance procedure or arbitration.

15.6 Faculty Responsibility

Prior to being granted a sabbatical leave, a faculty member shall enter into a written agreement with the COMMITTEE that such faculty member shall, immediately upon completion of such sabbatical leave, return to active service for the COMMITTEE for a period equal to twice the length of such sabbatical leave and that, in default of completing such service, such faculty member shall refund to the COMMITTEE such proportion of the sabbatical leave pay received as the amount of service not actually rendered, as agreed, bears to the whole amount of service agreed to be rendered. No refund shall be required for such period that such faculty member is prevented from rendering the amount of service as agreed because of such faculty member's death, long term illness, permanent physical or mental disability, or reduction in faculty.

15.7 Step Increase

The period of Sabbatical Leave will be applied toward step increases in Schedule A and any other kind of seniority benefits.

15.8 Other Paid Leaves

Other extended leaves of absence with pay may be granted by the COMMITTEE. Such leaves shall not provide benefits which exceed those for sabbatical leaves.

A faculty member who is inducted into or enlists in any branch of the armed forces of the United States shall be entitled to a leave of absence without pay of up to four (4) years, and shall, upon return from such leave, be granted such rights of reinstatement as required by law, except that credit for such service for salary purposes shall also be governed by Article V.

16.2 Service Leave

At the discretion of the COMMITTEE a faculty member may be granted a leave of absence without pay in order to serve in the Peace Corps, AmeriCorps, or other service organization. Credit for such service for salary purposes shall be governed by Article V hereof. Credit for such service for other purposes shall be determined by the Superintendent-Principal at his/her discretion.

16.3 Maternity/Parental Leave

- (a) A parental leave of absence without pay will be granted to a pregnant faculty member as required by General Laws Chapter 149, Section 105D which allows a pregnant employee to be granted eight weeks unpaid leave for which accumulated sick leave may be applied. In addition, to comply with the Family Medical Leave Act, an additional four weeks unpaid leave will be allowed. Employer health insurance contribution will remain in effect for the entire 12-week period.
- (b) A parental leave of absence without pay will be granted to a faculty member who is pregnant or whose spouse is pregnant, or to an adopting parent, for a period of up to one (1) year, provided that the COMMITTEE is given at least forty (40) days prior written notice. Such leaves may begin only on the actual or predicted birth date, the actual or predicted adoption date, or the end of a marking period. A parental leave that has been granted may be shortened or extended by mutual agreement.

Faculty who are on yearlong parental leave (September - June) must provide notice of their intent to return on or before January 15 for employment to recommence in the following September. Faculty on leaves that do not follow the academic calendar must notify the District of their intent to return half way through their leave.

16.4 Long Term Medical Leave

A faculty member who suffers a long term illness exceeding the provisions of 15.1 shall be given one (1) year of long term medical leave without pay for every five (5) years of service to the COMMITTEE. A faculty member requesting such a leave or on such a leave must submit annually a written statement from his/her physician stating the nature of the medical condition and recommending the granting or continuation of the leave. If a teacher on long term medical leave is ready to return to full or part time employment, he/she must so inform the Superintendent-Principal in a letter accompanied by a physician's statement that the faculty member is ready to return to work. The notice of intent to return must be submitted on or before January 15 for employment to recommence in the following September.

16.5 Other Leaves of Absence Without Pay

- (a) Other leaves of absence without pay may be granted by the COMMITTEE. At the time of granting or extending such a leave the COMMITTEE will make clear the conditions of rehiring in writing and if possible guarantee the position of the faculty member given such a leave for the length of the leave, up to one (1) year. The position of the returning faculty member may be held for longer than one (1) year.
- (b) Faculty members on unpaid leave shall be required to inform the COMMITTEE of their intention to return or to request an extension of their current leaves on or before January 15.
- (c) The District will notify teachers of decisions regarding any requests for leaves no later than fourteen (14) calendar days after final vote of the Budget by member towns.
- (d) Beginning in the 2010-2011 school year, a faculty member granted part-time leave for a second consecutive year who subsequently requests an increase in sections will have first right of refusal to any available section(s), but *not* the right to take sections from faculty members hired before the request for an additional section was submitted. If more than one faculty member is requesting an additional section, the section shall be assigned to the more senior faculty member as defined in Section 6.7 (a).
- (e) The Committee will also grant leaves without pay in accordance with the Family and Medical Leave Act (29 United States Code (USC) Chapter 28).

16.6 General

The period of a leave of absence without pay under this Article will not be applied toward Professional Teacher Status, steps on Schedule A, L-S Service Stipend, L-S Master Teacher Stipend, or any kind of seniority. Each request for leave or extension or renewal of leave shall be applied for in writing and answered in writing.

ARTICLE XVII

17.1 Eligibility

Transition leave may be granted to a faculty member at the COMMITTEE'S discretion. To qualify for a transition leave, a faculty member must have served a minimum of four (4) years at Lincoln-Sudbury. A faculty member who accepts a transition leave must sign a resignation effective as of the end of the leave.

17.2 Alternatives

Faculty members may choose one from among the following plans:

17.3 Salary and Deadline

Salaries paid for transition leaves shall be based on Schedule A only. If a faculty member who is granted a transition leave is currently part-time, such faculty member's transition leave salary will be determined by averaging his/her percentage of employment over the past three (3) years. A faculty member who wishes to apply for a transition leave must submit a letter to the Superintendent-Principal indicating the terms desired. This letter is due by December 1.

EVALUATION ARTICLE III

THE EVALUATION PROCESS

E 3.1 Purpose and Training

The Evaluation Process is planned, regular, and continuing. It is designed to aid professional growth and to provide the COMMITTEE and the Administration with an assessment of the quality of a faculty member's work. The Evaluation Process also serves as the basis for making decisions about staffing, layoffs, reductions in faculty, progression on Schedule A, and the granting of leaves and Professional Teacher Status. The Superintendent-Principal shall acquaint all new faculty members with the Faculty Evaluation Plan during a paid orientation session prior to the opening of school each year. The COMMITTEE will provide each new faculty member with a copy of The Skillful Teacher. A course in Saphier methodology will be offered annually to all faculty members at the COMMITTEE's expense. The course must accommodate at least ten percent (10%) of the Faculty. Any faculty member who successfully completes or has completed such a course, shall be granted three semester hours of credit toward advancement on Schedule A.

E 3.2 Frequency

Faculty members with Provisional Status will be evaluated annually. Faculty members with Professional Teacher Status who are rated Category I - Satisfactory will be evaluated biennially. Other faculty members with Professional Teacher Status will be evaluated as provided in E 3.13.

E 3.3 Outline

The individual evaluation process usually consists of the following steps:

Goals Conference held in the early fall,	[See E 3.7]
Formal Observations or Discussions,	[See E 3.8]
Informal information gathered throughout the year,	[See E 3.9]
Status Conference in January,	[See E 3.10]
Department Coordinator's Statement,	[See E 3.11]
Faculty Member's Statement, and	[See E 3.12]
Formal Written Evaluation and Conference.	[See E 3.13 and 3.14]

E 3.4 Alternative Evaluation Processes

(a) Faculty Member's Choices

Quadrennially, at the goals conference required in E 3.7 (b), a faculty member who has eight (8) years of teaching experience, and who has received three (3) consecutive ratings of Category I - Satisfactory, may choose one of the following methods of evaluation:

- (i) The faculty member may be evaluated using the process outlined in E 3.3.
- (ii) The faculty member may establish specific goals which will serve as the focus of classroom observation and/or other professional activities. Such goals will be mutually agreed upon by the faculty member and his/her evaluator.

- (iii) Two (2) faculty members, both of whom are eligible to choose his/her own type of evaluation, may agree to conduct four (4) classroom observations of each other. Each faculty member will record his/her observations, and the faculty members will confer about them. Both faculty members will meet jointly with their evaluator(s) to discuss how their observations have influenced their own teaching. The evaluator(s) will not be given records of the observations.
- (iv) The faculty member may develop any other type of evaluation process, as long as it is mutually agreed upon by the faculty member, the evaluator, the Superintendent-Principal, and a member of the ASSOCIATION'S Executive Committee.

(b) Formal Written Evaluation

At the conclusion of any of the processes outlined above, the evaluator will write a formal written evaluation as described in E 3.13.

(c) Initiation of the Regular Procedure

However, the faculty member's evaluator may, upon written notification of the faculty member, initiate the procedure established in E 3.3. Such notice will specifically enumerate and list the reasons for the change. Such change shall not be made except for substantial reasons, and must occur at least eight (8) weeks before the evaluation process is due to be completed.

E 3.5 Process for Faculty Members Employed Later in the School Year

(a) Employed after November 15

Faculty members employed on or after November 15 shall be subject to the evaluation process outlined in E3.3. However, they must be provided with the same thorough introduction to the process as required in E 3.1. As it would be very difficult for a faculty member employed after November 15 to take a complete course in the Saphier method, and because of the relatively short time such a faculty member would have at Lincoln-Sudbury before the evaluation process must be completed, special provisions will apply:

- (i) The faculty member will assume no school-wide or departmental goals, but only two (2) personal goals directly related to his/her professional position.
- (ii) During his/her first semester of employment any such faculty member will be exempt from extra duties as usually required under Article 8.2 (f). Such exemption will extend to the second semester when possible.
- (iii) A status conference, like that required for other faculty members in E 3.10, will be held half way between the beginning of the faculty member's employment and the date established for the conclusion of evaluations.
- (ii) The rating given at the end of the process as set out in E 3.13 will be considered tentative, and will be so described in the formal written evaluation.

(b) Employed after January 1

Faculty members who begin their employment on or after January 1 will be exempt from the formal evaluation process, though they will be evaluated informally. At the end of the year they will be given a written evaluation which shall not include a rating. A faculty member employed on or after January 1 must be given an introduction to the Saphier method as required in E 3.1 and be exempted from extra duties as usually required under Article 8.2 (f) for the remainder of the academic year.

E 3.6 Recusation of a Parent as an Evaluator or Observer

If the child of an evaluator attends Lincoln-Sudbury, any faculty member who has current frequent direct contact with the child and who either lacks Professional Teacher Status or does not currently hold a Category I evaluation rating shall be evaluated by another evaluator. The teacher may request a particular evaluator from the Superintendent-Principal, who will honor the request if possible. Under like circumstances, faculty members holding Professional Teacher Status and having a current evaluation rating of Category I may choose to remain with his/her usual evaluator or may request to be evaluated by another evaluator. The request will be made of the Superintendent-Principal, who will honor it if possible. In honoring these requests, priority will be given to those faculty members without Professional Teacher Status or not currently holding an evaluation rating of Category I. Neither the choice nor the request of any faculty member shall work to his/her detriment. No Department Coordinator will observe any situation in which his/her child has current frequent direct contact with a faculty member.

E 3.7 Goals

(a) School Wide

School-wide goals shall be drafted by the Administration in consultation with the faculty, and adopted by vote of the Academic Council and the COMMITTEE.

(b) Individual

In the fall each faculty member due to be evaluated in that year shall meet with her/his Housemaster or other administrator assigned for evaluation to discuss plans for the school year. At this conference the faculty member and the evaluator will discuss goals for the year which are based on a combination of school-wide goals, department goals, goals identified in any improvement or remediation plan drawn up at the end of the faculty member's most recent evaluation process, and professional development goals identified by the faculty member. Out of this discussion a list of goals will be developed and placed in the faculty member's folder. The list of goals, not to exceed four (4) in number, will be signed by both the evaluator and evaluatee indicating that they have read it. These goals and the Standards of Performance will serve as the framework for the faculty member's supervision and evaluation.

E 3.8 Formal Observations or Discussions

During the school year, the evaluator will be responsible for conducting at least one (1) formal classroom observation of each teacher, librarian and media specialist. For counselors, psychologists, and nurses, the evaluator will be responsible for conducting at least one (1) formal discussion to review the individual's progress on goals and to discuss his/her overall performance.

For faculty members without Professional Status or without a current evaluation of Category 1, this observation/discussion will take place before November 30. For faculty members with Professional Status and with a current evaluation of Category 1, this observation/discussion will take place before December 20.

For a teacher to receive an evaluation of other than Category 1, the evaluator must formally observe the teacher at least two (2) times, one (1) of which may be scheduled at the discretion of the teacher. For a counselor, psychologist, librarian, or media specialist to receive an evaluation other than Category 1 the evaluator will be responsible for conducting at least two (2) formal discussions to review the individual's progress on goals and to discuss his/her overall performance.

The evaluator is responsible for sharing with the faculty member the results of the observation and suggestions for improvement at a conference following each formal observation. The evaluator will write a summary of these discussions that will become part of the material upon which the formal written evaluation will be based. The evaluator will provide the faculty member a copy of this write-up within 2 weeks of the observation.

E 3.9 Informal Aspect

In addition to the formal classroom observations, the evaluation process has an ongoing, informal aspect. Information may be derived from casual classroom visits as well as unsolicited comments from students, colleagues, staff, other administrators, and parents. The evaluator will inform the evaluatee of any such information and its source(s) by name within ten (10) school days of the time when the evaluator knew or reasonably should have known of the information, or the information shall never become a consideration in any evaluation.

E 3.10 January Conference

At a conference to be held in January, the evaluatee and evaluator will review the evaluatee's performance and progress toward all the goals listed in his/her evaluation plan. A summary of this meeting will be drawn up by the evaluator within two weeks of said conference, but no later than February 10. The evaluatee shall sign the statement indicating only that he/she has read it within five school days of receipt.

E 3.11 Department Coordinator's Statement

Information regarding the faculty member's knowledge and coverage of curriculum will be obtained from the Department Coordinator. In departments where the Department Coordinator has limited knowledge of the specific subject matter, either party has a right to call a meeting with the appropriate Housemaster to determine an acceptable process by which this information will be attained. The Department Coordinator may also comment upon the faculty member's ability to translate curricula into effective lessons. Information obtained from the Department Coordinator will be in writing, and will specify the basis of the information.

E 3.12 Faculty Member's Statement

Another source of information is the faculty member. In a written statement, the faculty member will describe his/her progress towards the goals established in the fall conference and present any other information that he/she wants the evaluator to consider in formulating a formal written evaluation. This statement must be written by May 15 for faculty members with professional status who received a Category I in their last evaluation and by April 15 for all other faculty members being evaluated. Because all goals may not be met by this time, plans for the balance of the school year should be included.

E 3.13 Formal Written Evaluation

After the evaluation conference, to be held by June 1 for all faculty members with professional status who received a Category I in their last evaluation, or by May 1 for all other faculty members being evaluated, the evaluator will prepare a formal written evaluation to be placed in the faculty member's personnel file. The evaluation will be based on the listed criteria, the Standards of Performance, the goals statement written in the fall, and information provided by the evaluatee. The formal written evaluation will include the basis or source of all information included in the evaluation.

This formal written evaluation must be written, and a copy given to the faculty member, by June 1 for faculty members with professional status who received a Category I in their last evaluation and by May 15 for all other faculty members being evaluated. A copy of this written evaluation signed by the faculty member, indicating the receipt of the document, will be returned to the evaluator within fourteen (14) days of its receipt.

At the completion of each formal written evaluation the faculty member's overall performance will be described as follows:

(a) Category I - Satisfactory

In this case formal evaluation will be waived for the following year. However, all faculty members must be evaluated at least biennially.

(b) Category II - Satisfactory with Qualifications

In this case all specific substantive qualifications will be explicitly enumerated and listed as such in the formal written evaluation. All such qualifications will become goals the faculty member will work on during the following year. During the fall meeting with his/her evaluator the faculty member may then choose to

- (i) submit in April a self-evaluation based on the established goals, and remain in Category II for the following year;

or may choose to

- (ii) be evaluated formally with the opportunity of moving out of Category II.

(c) Category III - Unsatisfactory

In this case all the specific areas in which the faculty member does not meet the standards will be enumerated and listed as such in the formal written evaluation, and all problems will be explicitly enumerated and listed as such in the formal written evaluation. A remediation plan will be developed and the faculty member will be evaluated the following year by his/her present evaluator and an additional administrator of his/her choice.

(d) First Year Teachers

Teachers in their first year of teaching at Lincoln-Sudbury will, in the Formal Written Evaluation, either be rehired, with a list of specific strengths and recommendations for continued growth, or not rehired.

E 3.14 Examination and Rebuttal

Each faculty member will examine his/her formal written evaluation, discuss it with the evaluator, and sign an attached statement indicating only that he/she has read it. The faculty member will retain the right to permanently attach formal written rebuttals and other documents to his/her formal written evaluation.

E 3.15 Notification of the Association

Every year on or before June 1, the Superintendent-Principal shall inform the ASSOCIATION of the results of the evaluation process by providing the ASSOCIATION with the number of faculty members placed in each evaluation category as a result of the evaluations just concluded. Names of individual faculty members will not be provided, but distinction will be made between faculty members with and without Professional Teacher Status.

E 3.16 Recertification

Neither the process nor the result of recertification shall affect the evaluation of a faculty member.

E 3.17 Department Coordinator and Liaison Evaluation

Department Coordinators and Liaisons are to be evaluated annually. The Coordinator/Liaison and the Administrator shall mutually agree upon the areas of evaluation by November 15th. A January Conference will be held annually. Year-end write-ups, due June 1st, may vary in format and length as mutually agreed upon by Coordinator/Liaison and Administrator. Teacher evaluation and Coordinator evaluation must be two separate documents.

Coordinators/Liaisons will solicit feedback from members of their department in each of the first three years of service, and then every other year after that. Coordinators/Liaisons and the members of their department should mutually agree upon the methods for gathering and delivering feedback.

Coordinators/Liaisons will be notified by March 15th if they are not going to be reappointed for the following school year.

EVALUATION ARTICLE IV

REMEDIATION

E 4.1 Remediation

Each faculty member receiving a Category III evaluation, must, with the cooperation and active assistance of the evaluator, develop a remediation plan before June 30. Such a plan will include a list of enumerated concrete steps addressing the problems noted in the list in the formal written evaluation. The plan may include support provided by consultants, course work, participation in professional development activities, peer coaching, working with a mentor teacher, and/or other support. The remediation plan will constitute all the faculty member's goals for the following year. The faculty member will not undertake any school-wide or departmental goals. Resources necessary for remediation will be provided by the COMMITTEE. The evaluator and evaluatee will cooperate in their attempt to achieve the goals of the remediation plan.

EVALUATION ARTICLE V

PEER REVIEW TEAM

E 5.1 Selection and Training

A Peer Review Team will be formed of five (5) ASSOCIATION members elected by the ASSOCIATION. The five (5) member Peer Review Team will serve staggered terms of three (3) years. If any members of the Peer Review Team do not have previous experience in observation, training will be provided at the COMMITTEE's expense. The Peer Review Team will function as follows:

E 5.2 Informal Involvement

A faculty member undergoing evaluation may discuss his or her current evaluation with the Team at any time during the process, and may ask the Team to become informally involved at any stage.

E 5.3 Formal Process

A faculty member may at any time formally ask for the intervention of the Peer Review Team. At that point the procedure will be as follows:

- (a) The faculty member will provide the Team with a copy of the current formal written evaluation, if available, any attachments thereto, and other information he/she deems relevant.
- (b) The faculty member will meet with the full Team to further explain and discuss the issues.
- (c) The team may, at the request of the faculty member, observe him/her, collect independent information, and/or consult with the evaluator or others. If the Team conducts classroom observations, the evaluator will also be present at at least half of the observations.

- (d) As soon as possible after all the information has been collected, a member of the Team will give an oral report of the Team's findings to the faculty member. The Team's findings will represent the majority view of the Team. The development of the report and the report itself will be kept strictly confidential.
- (e) The faculty member may have a representative of the Team
 - (i) accompany him/her in further meetings concerning his or her evaluation;
 - (ii) participate in setting goals for the coming year or in developing a remediation plan; and
 - (iii) assist in efforts to improve specific weaknesses.
- (f) Neither remediation nor reference to the Team shall limit the ability of a faculty member to initiate a grievance.
- (g) No matters involving the Peer Review Team process shall be admissible in the grievance or arbitration procedures or any other legal proceeding or be included in a faculty member's personnel file. Except as required by law, members of the Peer Review Team may not testify as to matters related to the Peer Review Team process.
- (h) The faculty member, the COMMITTEE, and the Administration agree to hold harmless the members of the Peer Review Team in any proceeding which may involve the evaluation of a faculty member or the activities or findings of the Team.
